

DIVYANGAN POLICY

Usha Pravin Gandhi College of Arts, Science and Commerce aims towards fostering an environment which is conducive to the holistic development of differently abled students, by–

- Providing a barrier free space with ramps, elevators and wheelchairs to assist the mobility of the differently abled.
- Establishing a Divyangan Cell in the college to facilitate and support the differently abled students.
- Ensuring reservation of seats in various courses of the college for differently abled students.
- Adapting teaching learning methodologies so as to improve the learning outcomes of the differently abled students.
- Assisting the differently abled students during examinations by disseminating the relevant information with regards to use of scribes, extra time, etc. as relevant after assessing their needs.
- Conducting seminars, workshops and awareness activities to sensitise college students and staff about the challenges faced by the differently abled students with an aim to create an inclusive environment in the college.
- Creating opportunities for equitable participation in curricular, co-curricular and extra-curricular activities for differently abled students.
- Advising the differently abled students about the various placement opportunities and providing adequate training to help them in attaining gainful employment.
- Mentoring the differently abled students on a regular basis to identify and resolve their concerns.
- Creating an assistive college library with learning resources to cater to the specific needs of the differently abled students.
- Ensuring that adequate learning aids and assistive technologies are accessible to the differently abled students.
- Continually improving the college infrastructure to meet the evolving needs and requirements of the differently abled students.
