## -- NOTICE --

This is to bring to the notice of all the students and staff members of the institution that the use of plastic-based products is discouraged in the college premises.

This decision is taken considering the objective of the college of creating a 'Green and Clean Campus'. Students and staff members are expected to use metal-based products that are environment friendly.

We hope that this will encourage everyone in adopting an environmentally conscious attitude.

The cooperation of students and staff members is expected
